The Guidelines are;

D.1 Any financial member of a swimming club is considered to have contracted with his club until the completion of the current season.

D.2 Where a Club refuses a financial member a transfer, the Membership Registrar will grant the transfer:

If the refusal involves the swimmer in hardship

If adequate evidence of personality issues adverse to the swimmer is produced.

Movement of the swimmer to an address remote from his current club would normally be considered a hardship.

Club reasons for rejecting a transfer should be shown on the transfer form.

D.3 Where a Club can prove that a previous member has undischarged obligations, financial and/or otherwise, the Membership Officer will suspend that members registration. The Membership Officer shall immediately notify the Clubs involved, and the Board, of such members suspension.

BORDER AGREEMENT

At its Annual Conference in 1997 Australian Swimming deleted all reference in its General Rules relating to residency. This now means that a competitor may join the Club of his choice.

In Victoria this now means for competition purposes, that we accept members of Border Clubs (ie Clubs whose headquarters are within 40kms of the Victorian border) as though they were registered with a Victorian based Club.
